OBJECTIVE

To obtain a challenging role as a **Full Stack Developer** utilizing my expertise in ReactJS, NodeJS, and NextJS to design and develop scalable applications. Seeking a position that offers opportunities for professional growth while contributing to the success of the organization.

EDUCATION

B.tech in Computer Science Engineering, Lovely Professional University 2018 - 2022

Intermediate, Paramount Academy 2018

SKILLS

Technical Skills	React JS, Next JS, Node JS, Ant Design, GraphQL, JavaScript, Git, Linux, AWS
Soft Skills	Communication skills, Teamwork, Time management, Leadership, Emotional intelligence

EXPERIENCE

Full Stack Developer ForceBolt	Nov 2021 - May 2023 <i>Kurukshetra, HR</i>
---	---

- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements.
- Consulted with engineering team members to determine system loads and develop improvement plans.
- Inspected equipment, assessed functionality and optimized controls.
- Managed development milestones from initial steps through final delivery.
- Worked with back-end developers to design APIs.
- Developed clear specifications for project plans using customer requirements.

PROJECTS

Support Pay

- A user-friendly co-parenting app simplifying child support management and collection.
- Developed and maintained features in supportPay, contributing to the efficient resolution of priority tickets and ensuring a smooth user experience.
- Successfully integrated Supportpay's database with Forest Admin, enabling efficient visualization and organization of data, as well as seamless CRUD operations. This accomplishment improved data management and operational efficiency, contributing to the overall success of the project.

AskaAstro

- An online platform connecting users with experienced astrologers for personalized astrology readings and guidance.
- Contributed to front-end development by designing and implementing layout elements for an interactive astrology platform.
- Integrated Twilio API to enable SMS verification and chat functionality, enhancing user engagement and security on the platform.
