## WORK EXPERIENCE

### Full-Stack Developer Forcebolt

11/2021 - Present

**ForceBolt** offers Full Stack development services including frontend, backend, database management.

#### Achievements/Tasks

- Active contributor in team meetings, providing ideas and suggestions for improvement and delivering updates on deadlines, designs, and enhancements.
- Consulted with engineering team members to determine system loads, develop improvement plans, and design efficient APIs with back-end developers.
- Conducted thorough code reviews, debugging, and issue resolution, ensuring optimal functionality.
- Inspected equipment, assessed functionality, and optimized controls for improved performance.
- Managed development milestones from initial steps through final delivery, while developing clear project specifications based on customer requirements. Additionally, utilized NodeJS for efficient database development and management.

## EDUCATION

### B. TECH (CSE)

#### Lovely Professional University

06/2018 - 06/2022

Phagwara, Punjab

#### Courses

- Specialisation in Full Stack Development

### Intermediate

#### Paramount Academy

05/2016 - 05/2018

Muzaffarpur, Bihar

### Matriculation

#### St. Xavier's Jr/Sr School

05/2016

Muzaffarpur, Bihar

## SKILLS

React JS

Next JS

## PROJECTS

### Support Pay

- Developed and maintained features, ensuring a smooth user experience for a user-friendly co-parenting app focused on simplifying child support management and collection.
- Successfully integrated Support pay's database with Forest Admin, improving data management and operational efficiency through efficient visualization, organization, and seamless CRUD operations.

### AskaAstro

- Contributed to front-end development by designing and implementing layout elements for an interactive astrology platform that connects users with experienced astrologers for personalized readings and guidance.
- Integrated Twilio API, enhancing user engagement and security on the platform by enabling SMS verification and chat functionality.

### Krishi-Connect

- Created an online open-marketplace, providing farmers with an opportunity to sell and buy crops directly from other farmers, people, and companies.
- Developed the main feature of this Agri-Tech Model, emphasizing the connection and open-marketplace aspects for streamlined transactions and increased market accessibility.

## ACHIEVEMENTS

### Hacktoberfest (Open Source Contribution)

Recognized for active participation in the prestigious Hacktoberfest event organized by Digital Ocean, Intel, and DEV from 2020 to 2022. Contributed to various open source projects and fostering collaboration and innovation. Awarded a commemorative T-shirt and swag items in appreciation of outstanding contributions.
